ED CALL SHIFTS

The FMIGS fellowship has been extended from a **two-year to a three-year** training program to provide enhanced competency-based education in complex benign gynecologic surgery, surgical innovation, research, and community health advocacy. The additional year allows for deepened subspecialty exposure, expanded research productivity, increased operative autonomy, and leadership development.

Enhanced Surgical Autonomy
Full independent practice readiness across all case complexities

Research Maturation
IRB studies to completion, publication & dissemination

Teaching Leadership
Lead didactics, simulation labs, OR mentoring

Faculty Transition
Integration of Dr. Sankey-Thomas (MIGS) & Dr. Kothari (GYN Onc) as core faculty

Case Diversity
5 training sites, diverse patient populations

Training Environment
Communities from income \$98K to 22% below poverty line

SYSTEM	HOSPITAL	LOCATION	PRIMARY ROLE
Prime Healthcare	Saint Francis Hospital (SFH)	Evanston	Primary training site, ED call
Prime Healthcare	Saint Mary Hospital (SMH)	West Town	Multidisciplinary MIS, 3rd Monday OR (Dr. Tam)

SECTION 5

On-call schedule — 2026

Fellow performs **3 unpaid Gynecology ED call shifts per month** at SFH, as established by the Program Director (Dr. Tam) and DIO (Steven Svoboda, MBA) at fellowship inception and reaffirmed by Prime Healthcare for PGY-7.

Jan/Feb 2026 Adjustment: Dr. Oldham agreed to add a 4th call day in January, replacing February's 3rd day. This maintains the quarterly average of 3 days/month.

MONTH	ON-CALL DATES	DAYS	STATUS	NOTES
January	Jan 25, 26, 27, 28	4	Confirmed	4th day per Dr. Oldham arrangement
February	Feb 22, 23	2	Confirmed	3rd day moved to January
March	Mar 15/16, 25, 26	3	Confirmed	15/16: Voluntary ectopic response (not on verified call)
April	Apr 23, 29, 30	3	Scheduled	Elective/Clinical Transition phase
May	TBD	3	Pending	Elective/Clinical Transition phase
H1 2026 Total	—	15	—	Average: 3 days/month

March 15/16, 2026 — Incident Note: The fellow voluntarily responded to a ruptured ectopic pregnancy in the SFH ED while **not holding a verified on-call assignment** in Lightning Bolt. No GYN provider was entered into the scheduling system. The fellow exercised independent clinical judgment, evaluated the patient, and performed the emergent surgical procedure without complication. Details in incident report to Dr. Sarasam/Mr. Adamo and Risk Management correspondence dated 3/24/2026.

Frequency: 3 days/month Location: SFH Emergency Dept	Role: GYN emergency consult & surgical triage Supervision: Independent + attending by phone	Authority: Program Director (\$\$1.1, 1.5(a), 1.5(d)) Compensation: Unpaid (stipend per \$2.1)
